WEB SITES

Configuration Management Yellow Pages

www.cmcrossroads.com/yp/index.php?oldpage=
configuration_management.html

The Configuration Management Yellow Pages is a categorized database of links to configuration management and development resources. The site, originally created by Andre van der Hoek, is now hosted at CM Crossroads in a format that allows any member to add or update a new resource and to review and rate existing ones.

Test and Measurement World

www.tmworld.com

This is the online version of *Test & Measurement World* and *Test & Measurement Europe*, which cover the electronics testing industry, providing how-to information for engineers who test, measure, and inspect electronic devices, components, and systems.

Software Configuration Management

www.sei.cmu.edu/legacy/scm

This is the Software Configuration Management area of the Software Engineering Institute's (SEI) Web site. This area is intended to share the configuration management research done by the SEI between 1988 and 1994 and to provide pointers to other useful sources of information on Software Configuration Management.

Software Testing Institute

www.softwaretestinginstitute.com

The Software Testing Institute (STI) provides industry publications, research, and online services, including a software testing discussion forum, the STI Resource Guide, the Automated Testing Handbook, STI Buyer's Guide, and more.

Data Interchange Standards Association

http://www.disa.org

Home to numerous organizations developing e-business standards, the Data Interchange Standards Association helps individuals and the business community improve business processes, reduce costs, increase productivity, and take advantage of new opportunities.

Software Technology Support Center

www.stsc.hill.af.mil

The Software Technology Support Center is an Air Force organization established to help other U.S. government organizations identify, evaluate, and adopt technologies to improve the quality of their software products, efficiency in producing them, and to accurately predict the cost and schedule of their delivery.

Institute of Electrical and Electronics Engineers

www.ieee.org

The IEEE promotes the engineering process of creating, developing, integrating, sharing, and applying knowledge about electrical and information technologies and sciences. IEEE provides technical publications, conferences, career development assistance, financial services and more.

Practical Software and Systems Measurement

www.psmsc.com

Practical Software and Systems Measurement (PSM): A Foundation for Objective Project Management was developed to meet today's software and system technical and management challenges. The Department of Defense and the U.S. Army sponsor PSM. The goal of the project is to provide project managers with the objective information needed to successfully meet cost, schedule, and technical objectives on programs.
